Disposable biodegradable and compostable cutlery in Mater-bi

Disposable biodegradable and compostable cutlery in Mater-bi

Greenway cutlery has been conceived to combine use endurance and biodegradability. Available in the comfortable biodegradable cutlery meal kit with knife, fork and napkin, or in addition with a spoon. Like every other Greenway product our cutlery is made from "OK COMPOST" certified raw materials.

Heat-resistant up to 80° C / 176°F, Greenway cutlery preserves its rigidity with both solid and liquid food.

Oil- and water-resistant, Greenway cutlery is suitable for contact with both hot and cold, liquid and solid food.
